A and An:

Estos artículos en español los conocemos como un y una. Son artículos indefinidos porque aunque están hablando de una sola cosa, no nos especifica cuál. Es diferente decir a ball/una pelota, que the ball/la pelota. A diferencia de the, este artículo sólo se usa para hablar de una cosa en singular y que se pueda contar.

- A boy walks on the park.
- Un niño camina en el parque.

Por lo cual, no puedes usar este artículo para acompañar cosas que no se pueden contar, como:

- Water / agua
- Air / aire
- Sand / arena

En vez de esto, puedes decir:

- A glass of water.
- Un vaso de agua.
- A sand dune.
- Una duna de arena.
- An airbag.
- Una bolsa de aire.

¿Cuál es la diferencia entre A y An?

La única diferencia entre estos dos artículos es la "n". Usamos a cuando el sustantivo que acompaña inicia con sonido de consonante. En caso que la palabra inicie con sonido de vocal, usamos el artículo an. Veamos algunos ejemplos:

- a dog / un perro
- a knife / un cuchillo
- a hand / una mano
- a euro / un euro
- an eagle / una águila
- an orange / una naranja
- an hour / una hora
- an F / una f

- According to the previous information answer the next activity. Writing a or an depends on the presented words.
